

# TECHNOCLASS

## DIGITAL PODIUM

### **Command Every Presentation with Power, Clarity, and Confidence.**

The TechnoCLASS Digital Podium redefines how professionals present, teach, and connect. Built for the modern era of digital communication, it blends intelligent design, interactive technology, and seamless functionality, empowering every speaker to lead with impact.

Whether in a classroom, conference room, or auditorium, this podium turns ordinary presentations into extraordinary experiences.

## THE TECH INSIDE

Advanced Features for Smarter Communication

### WIRELESS CONNECTIVITY

Go cable-free. Connect laptops, tablets, or mobile devices wirelessly for smooth, clutter-free presentations

### MULTIMEDIA INTEGRATION

Seamlessly play videos, slides, and live visuals with full multimedia compatibility—no external devices required.

### DOCUMENT CAMERA

Display documents, 3D models, or handwritten notes instantly on screen—perfect for education, training, and demonstrations.

### INTEGRATED AUDIO SYSTEM

Powerful in-built speakers and mic connectivity ensure every word is heard clearly across the room.

### HEIGHT ADJUSTMENT

Ergonomic, motorized height adjustment provides comfort and flexibility for every speaker, standing or seated.

### RECORDING CAPABILITY

Record lectures, sessions, or meetings directly, ideal for archiving or sharing later with remote audiences.

### ADVANCED SECURITY FEATURES

Lockable components, secure data ports, and access control keep your equipment and content safe.

### INTERACTIVE TOUCHSCREEN

Engage audiences effortlessly with a high-resolution interactive display that responds to your touch; draw, annotate, and control your content intuitively.

### CUSTOMIZABLE BRANDING

Add your institution or company's logo and design for a polished, personalized look.

### VERSATILE CONNECTIVITY PORTS

Multiple input/output options to connect all your essential devices; HDMI, USB, LAN, VGA, and more.

## THE EXPERIENCE YOU DESERVE

### Why Presenters Choose TechnoCLASS

#### ▶ Empowers Every Speaker

Intuitive, user-friendly, and built for confidence.

#### ▶ Unifies Technology

Combines visuals, sound, and interactivity in one powerful system.

#### ▶ Enhances Engagement

Dynamic content sharing captures attention and boosts understanding.

#### ▶ Fits Every Space

Perfect for smart classrooms, lecture halls, corporate training rooms, and auditoriums.

#### ▶ Delivers Professional Presence

Sleek, modern aesthetics that reflect innovation and authority.

## WHY TECHNOCLASS DIGITAL PODIUM?

### Our Edge Over the Ordinary

Seamless integration with TechnoCLASS smart classrooms and AV systems

Durable construction and long-lasting performance for institutional use

Easy installation & maintenance-free operation

Backed by dedicated after-sales support nationwide

With TechnoCLASS, you don't just present—you influence, inspire, and lead.
